"And the Star - Spangled Banner in triumph shall wave over the land of the free and the home of the brave!"

Flags will be placed within 3' of the corner created by the driveway and the sidewalk. If you have a special place you want your flag, we will do our best to accommodate.

Per flag etiquette, flags should not be flown in the rain or in the dark. Residents are responsible for illuminating flag if left out at night. A small garden spot light would work.
